CURRENT ESTIMATE FOR 2019 MANY UNDOUBTEDLY SUFFER FROM ONE OR MORE OF THE ABOVE SYMPTOMS AND MAY ALSO BE HOMELESS OR IN PRISON. THE CURRENT SYSTEM OF HELPING VETERANS IS INADEQUATE AND ICARUS IS DEDIATED TO FINDING LONG-TERM SOLUTIONS.

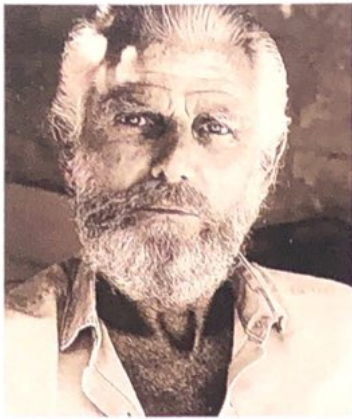

RANGE OF THERAPIES

ICARUSONLINE offers a wide range of conventional treatments in conjunction with Complimentary Therapies, in any required combination, and in real time 24/7. Initially via Skype or Zoom and thereafter in person, should location permit. So far, since its debut in 2017, ICARUS has treated every person who made contact, achieving an excellent success rate.

Developing on from the original model Simon Maryan and David Bellamy are currently exploring ways to be more efficient, to treat more veterans and to add to the core team, through their Immediate Care Practitioner Training courses. They are also working with neuromodulation techniques, which is currently at the frontier of ground-breaking new treatment methods.

They would be very pleased to discuss their work and they conduct frequent lectures around the country. Contact them through the icarusonline website for more informations & accessibilty.

DAVID BELLAMY

SIMON MARYAN

BOTH THERAPISTS ARE FROM MILITARY BACKGROUNDS, WHICH MAKES THEM EMINENTLY QUALIFIED IN THE DIFFICULT FIELD OF VETERAN MENTAL HEALTH ISSUES.

IN 2017 THEY VISUALISED A WAY TO EFFECTIVELY TREAT MILITARY PERSONNEL VIA THE INTERNET AND TWO YEARS LATER THEIR VISION HAS PROVED VERY SUCCESSFUL. IT HAS PROVIDED THE TEMPLATE FOR ICARUS TO EXPAND INTO WIDER AREAS, INCLUDING THE ICARUS FAMILY SUPPORT,

APART FROM WORKING DIRECTLY WITH VETERANS & SERVING PERSONNEL, ICARUS ALSO RUNS COURSES DESIGNED TO TRAIN OTHER VETERANS IN PSYCHOLOGICAL FIRST AID TRAINING. THE IMMEDIATE CARE PRACTITIONER COURSES HAVE PROVED VERY POPULAR, ESPECIALLY AMONGST THOSE DEALING DIRECTLY WITH PEOPLE SUFFERING FROM PTSD AND RELATED PROBLEMS.

ICARUS DEALS WITH EVERY CALLER PERSONALLY.
